Age group 5 to 7 yrs. *Dream rabbit*

Location: room 33

Size of group: 15

Owl dreams about a white rabbit. “Could I maybe have you?” “Have what?” asked the rabbit. “You” said owl. In the museum workshop visitors will be read the funny and heart-warming picture book “Dream rabbit” by Daan Remmerts de Vries. And afterward – incredibly- we will have a look at the real pictures! These, along with a whole range of other pictures Daan created for the exhibit, are on the wall right next to the workshop. If you look carefully you’ll quickly discover Daan is not only good at writing and drawing, but also at ‘pasting’. He uses paper in his painting – paper full of flowers, dots, leaves or other adornments. That’s how they become true collage paintings. What animal do you dream about? Create your own dream dog, dream zebra, dream canary or any other dream animal in our museum workshop. With of course paint and paper!

Age group 8-12 yrs *Greetings from the Gemeentemuseum*

Location: to be advised **Size of group: 12** **Time: 19.00-20.00 group I**
20.00-21.00 group II

Description: The children visit the Gemeentemuseum like tourists on a summer holiday. Of course they want to see the highlights – the famous masterpieces! Those of Picasso, Mondriaan, Monet and Van Gogh, to name a few. But the young tourists will discover even more: namely you can find lots of different things in a museum, like costumes, musical instruments, glass objects, sculptures, paintings and more. In one of the main exhibit rooms we make sketches of those things we like. Afterwards you create our own postcards based on your sketches. Write a nice holiday greeting on it and it's ready to be sent. Together with your museum teacher – a real artist- you go to the postal room of the museum - another unusual thing you'll get to see. One of the museum employees will put a stamp on it and set it with the official museum postage. So do remember to decide who your “greetings from the Gemeentemuseum!” will go to and take the address with you to the museum.
